Euromed Feminist Initiative IFE-EFI

January 2015

TERROR MUST BE FOUGHT WITH POLITICAL MEANS

The terror calls for a global political action bearing the values of freedom, gender equality and citizenship, social justice, solidarity and secularism that are the pillars of democracy. Only such political response will foil the trap set by terrorism and far right extremism.

Euromed Feminist Initiative IFE-EFI joins the voice of those who reject racism, hatred and intolerance and all forms of discrimination based on gender, origin, religion or other characteristics.

We shall step up our action to defend the fundamental human rights of women and men, internationalism, democracy and freedoms.
